5. Unlimited bids and bids believed not to be made in good faith will be respectfully declined.
6. Minimum bid on any lot is \$50.00.

All disputed lots must be returned intact in the condition received. The following lots may not be returned without prior approval: lots from buyers who have had the opportunity to examine them before the sale; lots described as having defects or faults may not be returned because of faults; and, lots in which the buyer has bid more than double our estimate. No illustrated lot may be returned because of centering, margins, or other factors shown in the illustrations.

Authenticity

13. All lots are sold as genuine, but should any lot be proved otherwise by written opinion of any responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided we are notified in writing within 14 days from date of sale that an opinion is being sought. If claim is not made within this period, no lots are returnable for any reason at any time. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$100.00. In the event an item is proved "not as described" it is returnable for a full refund. Any lot which has a certificate dated within the last five years is sold in accordance with the certificate and is not returnable for any reason including an opinion obtained in a new certificate after the sale.

Colonial Coins				
1	1760 Hibernia - Voce Populi No "P" NGC VF Details Cleaned w/ Corrosion. These coins are among the several types of Irish Halfpennies that somehow ended up in Colonial America. Theories as to how this happened are as numerous as the coins themselves. This specimen appears to be the Zelinka 2A variety. It has enough detail for an XF grade, and isn't that bad for an excavated coin. It is almost as nice as the one from the Robert H. Gore Jr. collection than is displayed on the Coins.nd.edu website.	EST P	200-250	SE
2	1767-(A) French Colonies 12 Deniers Countermarked "RF" ANACS VF35. Vlack 3-C.	EST	100-125	SE
3	Massachusetts 1788 One Cent w/ Period NGC Fine Details Corrosion. Pedigreed to the Carlyle Luer Collection.	EST P	200-250	SE
Half Cents				
4	1794 NGC VF Details Corrosion. As described but all major design elements show. Even brown color.	EST P	500-750	HWC-SE
5	1797 Plain Edge VG w/ nice original color. Good type coin for a scarcer issue.	EST P	425-525	HWC-SE
6	1808 F++ (rev is better) nice even brown color. Virtually 180-degree die rotated plus the rev is slightly off-center. Interesting!	EST P	140-170	SE
7	1835 NGC AU55 BN	EST	115-140	SE
Large Cents				
8	1797 "Gripped Edge" S-120b F+ details but some damage present on the rim above LIBERTY and a crude X scratched on Liberty's neck extending into the neighboring fields. Dentilation and detail remain fairly strong giving the coin an overall decent appearance despite the flaws.	EST P	250-350	SE
9	1802 Stemless Wreath S-231 NGC VF20 Brown.	EST P	350-425	HWC-SE
10	1808 S-278 (R3) NGC VF Details Environmental Damage. Nice coin despite the label.	EST P	450-600	HWC-SE
11	1843 Petite Head Small Letters ANACS AU55.	EST P	170-220	SE
12	1847 NGC AU55 BN. A fairly liberal grade in this cataloger's opinion.	EST	100-125	SE

Indian Cents				
15	1875 ANACS MS60 Brown (old holder)	EST	125-150	SE
16	1891 SEGS MS65 Red. The coin is arguably MS65 but it has darkened to the point of Red-Brown. Probable grade MS64 RB. Lovely original color and surfaces.	EST P	160-200	SE

19	(3) Diff all NGC-Certified incl 1862 AU Details Cleaned (this cataloger doesn't see the cleaning), 1864 Bronze AU Details Cleaned (another that could have straight-graded), and an 1868 AU Details Environmental Damage, a beautiful coin were it not for some small verdigris spots adhering to the obv. Better-looking than they sound.	EST	210-260	SE

24	(3) PCGS/NGC Certified 1940s issues in high grade incl 1942-D & 1945-S both MS66+ Red, plus 1948 MS66 Red. Beautiful coins.	EST	125-150	SE

26	(8) NGC-Certified comprised of 1952-S MS66 Red, 1955-S MS64 Red, (3) 1955-S MS66 Red, 1962 MS67 Red (but the coin is actually a proof), 1964 MS69 Red, & a 2019-W PF70 Red Ultra Cameo. A really nice group of later Lincolns.	EST	160-200	B

Half Dimes				
52	1846 Seated Half Dime G+ by wear but the coin has damage in the form of a flattening of the right side. The rev remains mostly undisturbed and the coin appears original. The 1846 half dime has been a known rarity since the 1800s. The mintage that year was a scant 27,000, most going directly into circulation rendering even low-grade examples very difficult to locate. Certainly an acceptable coin for the right collection.	EST P	350-475	HWC-SE
Seated Dimes				
53	1862 AU medium-grey. This coin features a wire rim caused by excessive striking pressure that forces metal into the crevice between the obv & rev dies and the collar die. The edge ends up looking like that of a proof coin. In the old days, we called it a "railroad rim."	EST	85-110	SE
54	1875 MS60+ or better white w/ lovely light peripheral color.	EST P	135-170	SE
55	(4) all NGC-Certified "Details Grades" incl 1837 No Stars Large Date F, 1839 XF, 1856 Large Date VF, & 1875-CC (Above Bow) F. All are either Cleaned or Damaged. The ones that are Cleaned are still market-acceptable and all are well worth inspection.	EST	170-220	SE

65	1875-CC G+. Liberty has a bit of 3-dimensionality and the coin has no problems other than wear.	EST	180-210	SE
66	1875-S XF perhaps slightly better. Nice type coin.	EST P	170-220	SE
67	1875-S AU50 medium toning.	EST P	200-240	SE

Seated Halves				
85	1853 Arrows & Rays XF by wear w/ mottled darker-gray color. Good type coin.	EST	170-210	SE
86	1855-O Arrows NGC AU Detail - Cleaned. The coin has a few marks but appears original.	EST	150-180	SE
87	1856-O NGC AU Details - Edge Damage. (This coin is erroneously labeled an 1856 on the NGC slab proving that even the major grading services make mistakes.) An attractive Seated Half with great detail. The edge damage is limited to what appears to be a peening of the edge needs to remove them. This cataloger has seen other coins with the same effect but the reason for this peening remains a mystery. Worth review!	EST P	180-230	SE
88	1869 NGC XF Details - Cleaned. A liberal grade perhaps, but cleaned?	EST P	135-160	SE
89	1872-S NGC VF Details - Cleaned. Same comments as the previous lot. The coin has recolored nicely and it is doubtful many seasoned collectors would view this as a cleaned coin.	EST	120-150	SE

277	1891 \$2 Silv Cert F-246 S/N E8611377 PCGS 65PPQ. This is a gorgeous Windom, well-centered on both sides, w/ great color and S/N embossing. The note is vivid with outstanding eye-appeal. This issue has always been a favorite of collectors and it is quite difficult to find in Gem grade. William Windom (who actually was the grandfather of the actor by the same name) served twice as Sec of the Treasury - 1881 thru 1884, and again 1889 thru 1891. (From the Ernest M. Nepa collection.) The rarity of this note speaks for itself as fewer than 10 examples of this issue likely exist in all grades combined! This PMG AU58 EPQ example is the second-finest known (incredibly, a Gem Unc 65 example exists.) Were it not for a vertical fold in the center, the note is new in all respects w/ great embossing (noted on the PMG label) with exceptional paper quality. SPECIAL NOTICE REGARDING COVID-19

At the time of catalog production we are still under statewide restrictions which prevent us from having in person attendance at our auctions. The auction has been moved to a live online auction on Stamp Auction Network. Please stay tuned to your email as well as our Facebook and Instagram pages for any changes in these restrictions.

We have been working extremely hard to add more photos of as many of the lots as we can. We will also give buyers the opportunity to have expanded descriptions and video viewing so that even from a distance, they can bid with confidence.

During these changing times we are doing our best to bring the hobby to collectors and give sellers an outlet to sell product. We will continue to adapt as we find new ways to serve both. Thank you for your continued support over the years and during this time.
