## CONDITIONS OF SALE

### Bidding

1. The placing of a bid will constitute acceptance of the conditions of sale.
2. All bids are per lot as numbered in the catalog. The right is reserved to withdraw any lot or lots and to group two or more lots.
3. Lots are sold to the highest bidder at one advance over the second highest bid. The auctioneer shall regulate the bidding and in the event of any dispute the auctioneer's decision shall be final.
4. The auctioneer shall not be liable for errors and omissions in executing instructions to bid.
5. Unlimited bids and bids believed not to be made in good faith will be respectfully declined.
6. Minimum bid on any lot is \$50.00.
7. All lots will be sold at the price for which they are knocked down by the auctioneer, plus a commission of 15%.

### Payment of Purchases

8. Successful bidders will be notified of lots purchased and must remit before lots are delivered. Persons who are known to us may, at our option, have purchases forwarded for immediate payment.
9. Terms are immediate payment in U.S. funds on receipt of the invoice. Payment by credit card will be subject to a 2% service charge.
10. The mode of shipment shall be at our option unless we are given specific instructions. A minimum charge of \$1.50 will be made in addition to postage, insurance, and handling.
11. Successful bidders agree to pay for lots as specified above and no credit is extended. For overdue accounts a late charge of 5% per month (minimum \$30.00) will be charged. Accounts are considered overdue after (30) days.

### Quality

12. Any lot, the description of which is incorrect, is returnable within ten (10) days of receipt and must be received within four weeks from the date of the auction. All disputed lots must be returned intact in the condition received. The following lots may not be returned without prior approval: lots from buyers who have had the opportunity to examine them before the sale; lots described as having defects or faults may not be returned because of faults; and, lots in which the buyer has bid more than double our estimate. No illustrated lot may be returned because of centering, margins, or other factors shown in the illustrations.

### Authenticity

13. All lots are sold as genuine, but should any lot be proved otherwise by written opinion of any responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided we are notified in writing within 14 days from date of sale that an opinion is being sought. If claim is not made within this period, no lots are returnable for any reason at any time. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$100.00. In the event an item is proved "not as described" it is returnable for a full refund. Any lot which has a certificate dated within the last five years is sold in accordance with the certificate and is not returnable for any reason including an opinion obtained in a new certificate after the sale. While we occasionally suggest what grade a coin may receive if certified, we do guarantee that grade (or any other grade) if a coin is submitted for certification.

LOT	U.S. COINS		VALUE	
<b>Half Cents</b>				
1	1828 13 Stars AU. Orange in color from an earlier cleaning.	EST P	100-125	SE
2	1834 Classic Head VF+ beautiful medium-brown.	EST P	70-85	SE
3	1835 Classic Head MS63 beautiful original surfaces w/ strong evidence of clashed dies and the rev die crack this variety is known for is prominent. Inspect!	EST P	320-400	SE
4	1849 Braided Hair XF lovely even light-brown original.	EST P	115-140	SE
5	1856 Braided Hair XF. Has a few marks and a rev spot showing a mushy area probably the result of being struck though grease.	EST	75-100	SE
<b>Large Cents</b>				
6	1796 Liberty Cap S-87 perhaps VF by wear but moderately corroded. Despite the damage the coin is an even attractive brown color with date and legends clear and readable. An appealing coin for what can otherwise be an expensive early type.	EST P	350-500	SE
7	1802 S-228 1/000 variety F+ detail. Moderate corrosion blurs the date but other obv & rev die characteristics are consistent with the S-228 variety. The 1/000 and rev die cracks show plainly.	EST	125-150	SE
8	1854 AU w/ abt 80-degree die rotation. Errors are uncommon for the late date large cents. Inspect!	EST P	125-150	SE
9	1857 Small Date N2 VF+ original w/ nice color and highlights.	EST P	200-240	SE
10	(14) Diff 1816 // 1855 nice mix of Matron and Braided Hair earlyies generally G/VG, lateres somewhat better.	EST	140-180	SE
11	(12) 1838 // 1855 w/ dup mostly Braided Hair issues VG to F w/ a couple better incl an 1848 w/ an interesting counterstamp.	EST	100-125	SE
<b>Flying Eagle Cents</b>				
12	1857 XF perhaps better. Original and well-struck for a Flying Eagle Cent w/ full detail.	EST P	100-125	SE
13	(3) Incl an 1857 XF well-struck for a Flying Eagle Cent. There is a small area of discoloration @ obv K2. Also an 1858 Large Letters ANACS EF40 Details Cleaned, and an 1858 Small Letters abt VF+ cleaned (raw).	EST P	135-170	SE
<b>Indian Cents</b>				
14	1860 Round Bust MS60+ nice even color w/ full detail.	EST P	150-180	SE
15	(2) ANACS-Certified incl 1861 AU55 Details Cleaned and 1863 AU58 Cleaned	EST	125-150	SE
16	1864-L AU Detail but the coin has moderate corrosion obv & rev so inspection is recommended. The L is bold and there is clear re-punching on the 6 and 4 of the date.	EST	130-165	SE
17	1877 AG+ slightly weak obv w/ a full-rimmed G rev. A nice coin for the grade.	EST	260-350	SE
18	1884 ANACS MS62 Red Brown. Arguably under-graded as there are lower quality coins in certified MS64 holders. No distracting marks or spots and ample original red color.	EST P	95-120	SE
19	1895 PCGS MS63 Brown w/ a clearly obvious re-punched date and identified as RPD FS-302 S-9 on the PCGS label.	EST P	100-125	SE
20	1901 MS60+ Red Brown. Ample red shows in the recessed areas.	EST P	60-80	SE
21	1908-S VF+ even light brown original.	EST P	100-125	SE
22	1909-S F+ w/ LIBERTY and the headband clear. Natural brick-red color w/ brown highlights. A nice coin. 1909-S Indian Cents are far scarcer than 1909-S VDB Lincoln Cents but their lack of promotion leads to less demand and lower overall prices.	EST P	260-320	SE
23	(47) Diff 1857 // 1909 in a Whit 9003 folder. Lot has some of everything in it, culls, better date pieces, higher grade pieces, and more. Complete from 1879 to 1909 except for the San Francisco issues. Also complete from 1857 to 1865 (no 64-L). Inspect for a better look.	EST	140-175	SE
24	(120) 1859 // 1909 in a small 5" coin stock book. G to VF most original.	EST	110-135	B
25	(8) Diff 1863 // 1909 most XF or better a few cleaned but incl these highlights: 1908 & 1909 both MS60+ Red/Brown, and 1908-S abt F nice original.	EST	210-270	SE
26	(200) mixed 1859 // 1909 avg circ.	EST	125-150	B
27	(250) mixed 1859 // 1909 avg circ.	EST	155-190	B

LOT	U.S. COINS		VALUE	
28	(300) 1859 // 1909 avg circ.	EST	185-230	B
<b>Lincoln Cents</b>				
29	1909-S Unc detail but cleaned. There are a few small spots mostly on the rev. Despite being altered the coin is fully-struck w/ decent eye-appeal.	EST P	135-160	SE
30	1909 VDB (2) PCGS-Certified: an MS64 Red-Brown and an MS64 Red.	EST	100-125	SE
31	1909-S VDB nice VG or VG+ w/ great color and originality. Inspect!	EST P	525-625	SE
32	1931-S XF lovely medium-brown original.	EST P	66-80	SE
33	1931-S MS60+ Brown. Well-struck w/ full detail on nice surfaces.	EST P	100-125	SE
34	1939 Proof PCGS PR65 Red (OGH)	EST P	120-150	SE
35	1939 Proof PCGS PR66 Red. Speaks for itself. View the pic.	EST P	180-230	SE
36	1942 PCGS MS67 Red	EST P	100-130	SE
37	1942 Proof. Arguably full red w/ a fully-mirrored obv but about 60% of the rev is cloudy.	EST P	75-100	SE
38	1942-S PCGS MS67 Red CAC Approved. Beautiful original.	EST P	105-130	SE
39	1943-D PCGS MS67. From a practical standpoint, about as good as a steel cent gets.	EST P	145-180	SE
40	1943-S PCGS MS67. Finish is more "satiny" and the coin has considerably more bluish tint than the previous lot.	EST P	190-230	SE
41	(2) both PCGS-Certified: 1947 MS66 Red and 1951-D MS67 Red in a Shield holder. Gorgeous coins to behold, especially the 51-D.	EST	170-210	SE
<b>Two Cent Pieces</b>				
42	1864 Large Motto MS60+ Brown.	EST P	100-125	SE
<b>Three Cent Pieces</b>				
43	1872 (Nickel) MS60. There are a few light spots on the date, Liberty's neck, and UNITED, but overall a nice coin and very well-struck.	EST P	100-125	SE
<b>Shield Nickels</b>				
44	1866 Rays AU. Most of the motto "IN GOD WE TRUST" is missing and we suspect that the coin was struck through grease - a common occurrence when proper die spacing and pressure are being determined.	EST P	170-200	SE
<b>Liberty Nickels</b>				
45	(275) 1883 // 1912-D avg circ.	EST	80-110	B
<b>Buffalo Nickels</b>				
46	1913-D Type 2 Fine. Beautiful natural grey.	EST P	100-125	SE
47	1920 PCGS MS64 CAC-Approved. The coin has abt 30-degree die rotation.	EST P	160-200	SE
48	(50) Diff 1913 // 1938-D in a Whit 9008 folder avg circ. No keys but a couple better.	EST	90-115	SE
49	(57) Diff 1913 // 1938-D in an almost complete set (Whit 9408 album) most are low-grade thru VF w/ a few better. Obvious keys and overdates missing but incl are a few nice earlyies (13-D Type 2 VF+ but w/ obv circular counting machine mark.)	EST	350-430	A
50	(250) 1913 // 1938-D w/ dates avg circ.,	EST	85-120	B
51	(400) w/ abt 40% partial dates. Dated are mostly 1930's avg circ.	EST	90-115	B
52	(400) w/ abt 40% partial dates. Dated are mostly 1930's avg circ.	EST	90-115	B
<b>Jefferson Nickels</b>				
53	1942-P (Silver) PCGS MS67 Full Steps	EST P	190-230	SE
54	1942-P (Silver) Proof PCGS PR66 (OGH). There are areas of light toning on obv K12 and rev K7.	EST	100-125	SE
<b>Half Dimes</b>				
55	1795 Flowing Hair VG by wear, there are a myriad of small nicks on obv & rev but they must have occurred long ago because the coin circulated for a considerable amount of time after the damage was done. The nicks blend into the overall color and wear pattern very well. Given the high price of VF & XF coins (assuming they can be found), the present example makes an attractive cheaper alternative for a type coin. Inspect!	EST P	550-800	SE
56	1835 Bust Half Dime Small Date; Large 5c variety XF+ rather darkly toned.	EST P	145-180	SE

LOT	U.S. COINS		VALUE

59	(14) Diff 1848 // 1891 generally low grades (G to F) but nice originals.	EST	125-150	SE
<b>Barber Dimes</b>				
60	(5) incl 1896 F, 1896 VF, 1898 AU+ (small rev impairment at the second E), 1914 F, & 1914-D VF.	EST	100-125	SE
61	(8) Diff 1902 // 1914-D commons most XF to AU+ lightly cleaned. Inspection recommended.	EST	110-135	SE
<b>Mercury Dimes</b>				
62	1921 (2) both VG and original.	EST	85-110	SE
63	1921-D full XF detail w/ bands that show significant separation though not fully split. The coin does have a few faint hairlines indicative of slight mishandling long ago, however the appearance is original and pleasing in all respects. A real opportunity for the Mercury Dime specialist.	EST P	550-650	SE
64	1940 Proof NGC PF65 w/ lovely peripheral toning. As original as you can get.	EST P	120-150	SE
65	1940 Proof PCGS PR66. Stunning blast white.	EST P	145-180	SE

<b>Roosevelt Dimes</b>				
70	(100+) incl a full set of silver issues 1946 // 1964-D in an LOC Vol 11 plus abt half after 1964 containing many of the silver proofs however there is some toning on some of the coins. Later coins are in (2) LCA albums #3 & #77.	EST	160-200	B
<b>Twenty Cent Pieces</b>				
71	1875-S VF+ perfectly original and a great type coin.	EST P	125-150	SE
72	1875-S VG perfect original grey.	EST	85-110	SE
73	1876 XF w/ full LIBERTY but the coin has endured a cleaning.	EST P	300-350	SE
<b>Bust Quarters</b>				
74	1834 VF detail. There is a 3mm scratch off of Liberty's chin. On the plus side, the coin shows about 40-degree die rotation.	EST P	80-100	SE
75	1838 Capped Bust PCGS XF45 CAC-Approved. Lovely original grey.	EST P	300-380	SE
<b>Barber Quarters</b>

78	(3) Diff incl 1920 Unc Details - polished, 1927 AU cleaned, & 1929-D nice AU (near full-head) w/ abt 25-degree die rotation. (Errors are rare among the Liberty Standing Quarter series.)	EST	125-150	SE
79	(50) 1925 // 1930-S all w/ clear dates incl a partial set (1925 // 1930-S complete) in a Whit 9417 album, plus (35) others loose. Most grade G to F.	EST	220-270	A
<b>Washington Quarters</b>				
80	1938-S PCGS MS66	EST P	160-200	SE
81	1940-D PCGS MS66 hazy but original and relatively mark-free.	EST P	220-270	SE
82	1942 Proof PCGS PR65 (OGH). The coin is devoid of any cameo contrast, but it is blast white and would likely grade higher by current standards.	EST P	75-90	SE
83	1942-S PCGS MS66 in one of the older thin-edge pale blue holders.	EST P	80-100	SE
84	1942-S PCGS MS66 in a current-issue PCGS holder, this one has a bit more "flash" than the previous lot.	EST P	85-110	SE

LOT	U.S. COINS		VALUE	
85	(81) Diff in a nearly-complete set 1932 // 1964-D missing only the 1932 D & S. Housed in a Whit 9418 album. Earlies mostly G to F later better.	EST	330-400	A
<b>Bust Halves</b>				
86	1812 O-109 abt XF w/ gorgeous original grey color and lighter highlights. This variety shows a rev die defect on the eagle's left wing, and the present coin must be a very early die state because lapping removed the imperfection on later die states. A beautiful coin.	EST P	280-340	SE
87	1828 Sq 2 Large 8's O-108 (R3) VF+. Surfaces are not original but the coin is very appealing.	EST P	130-160	SE
88	1834 Large Date and Letters O-103 AU white.	EST P	220-260	SE
89	1834 (O-107) PCGS AU55 lovely coin predominantly white w/ only the slightest wear on the highest design elements. A beautiful coin for the grade.	EST P	350-450	SE
90	(2) incl 1819 O-110a (R3) F w/ a couple small rim hits, & 1825 O-115 (R3) VF w/ light rev cleaning.	EST	115-140	SE

92	(6) Diff 1858 // 1877-S incl 1876-CC (G-) & 1877-CC (AG). The coins are all original but well worn most grading Fr-2 to G-4. Bonus: (2) well worn Seated Quarters 1861 and 1876-S. The 1861 has a rev counterstamp "THOMAS".	EST	160-200	SE
<b>Barber Halves</b>				
93	1912-D VF by wear (a small amount of debris adheres to the rev.) Bonus: a 1914-S Good.	EST	90-115	SE

<b>Trade Dollars</b>				
135	1873 MS60 lustrous & white, w/ a few marks. A beautiful coin excellent for type. 200	Lafayette Dollar (1900) XF cleaned. As part of the Paris Universal Exposition of 1900, the United States Congress decided to present an equestrian statue of Major General Lafayette (1757 - 1834) to France, in much the same way (but on a smaller scale) that France had gifted the Statue of Liberty to the US in 1886. To help fund the monument, Congress authorized the minting and sale of a commemorative dollar coin in the same spirit that it authorized the issue of the Columbian half dollars to help defray the costs of the Columbian Exhibition in 1892-93. A separate program encouraged schoolchildren to donate their small change to help erect the statue - a fact noted on the coin's reverse inscription. Although Lafayette Dollars are dated 1900, all were struck in a single day on Dec 14th 1899, the 100th anniversary of George Washington's death. Ultimately, 36,026 were sold by the Lafayette Memorial Commission (for \$2 each.) The Lafayette Dollar holds a unique place among US coins in that it is the first commemorative DOLLAR struck by the US, and further, it is the first American coin to depict a President, a practice that arguably would be employed to a fault later in the 20th Century.
