## CONDITIONS OF SALE

### Bidding

1. The placing of a bid will constitute acceptance of the conditions of sale.
2. All bids are per lot as numbered in the catalog. The right is reserved to withdraw any lot or lots and to group two or more lots.
3. Lots are sold to the highest bidder at one advance over the second highest bid. The auctioneer shall regulate the bidding and in the event of any dispute the auctioneer's decision shall be final.
4. The auctioneer shall not be liable for errors and omissions in executing instructions to bid.
5. Unlimited bids and bids believed not to be made in good faith will be respectfully declined.
6. Minimum bid on any lot is \$50.00.
7. All lots will be sold at the price for which they are knocked down by the auctioneer, plus a commission of 15%.

### Payment of Purchases

8. Successful bidders will be notified of lots purchased and must remit before lots are delivered. Persons who are known to us may, at our option, have purchases forwarded for immediate payment.
9. Terms are immediate payment in U.S. funds on receipt of the invoice. Payment by credit card will be subject to a 2% service charge.
10. The mode of shipment shall be at our option unless we are given specific instructions. A minimum charge of \$1.50 will be made in addition to postage, insurance, and handling.
11. Successful bidders agree to pay for lots as specified above and no credit is extended. For overdue accounts a late charge of 5% per month (minimum \$30.00) will be charged. Accounts are considered overdue after (30) days.

### Quality

12. Any lot, the description of which is incorrect, is returnable within ten (10) days of receipt and must be received within four weeks from the date of the auction. All disputed lots must be returned intact in the condition received. The following lots may not be returned without prior approval: lots from buyers who have had the opportunity to examine them before the sale; lots described as having defects or faults may not be returned because of faults; and, lots in which the buyer has bid more than double our estimate. No illustrated lot may be returned because of centering, margins, or other factors shown in the illustrations.

### Authenticity

13. All lots are sold as genuine, but should any lot be proved otherwise by written opinion of any responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided we are notified in writing within 14 days from date of sale that an opinion is being sought. If claim is not made within this period, no lots are returnable for any reason at any time. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$100.00. In the event an item is proved "not as described" it is returnable for a full refund. Any lot which has a certificate dated within the last five years is sold in accordance with the certificate and is not returnable for any reason including an opinion obtained in a new certificate after the sale. While we occasionally suggest what grade a coin may receive if certified, we do guarantee that grade (or any other grade) if a coin is submitted for certification.

LOT	U.S. COINS	VALUE	
<b>Colonial Coins</b>			
1	1783 Nova Constellatio Small US Blunt Rays NGC Fine Details Damaged. Nice coin closer to VF than F, and this cataloger cannot find evidence of the "damage" that the coin is supposed to have. Though struck in England by a private mint and modeled after the Nova Constellatio pattern coinage of 1783, these coins entered circulation in NY most likely a few years after the actual dates they possess. The present coin, despite the NGC labeling, is a very nice representation of the coinage of Colonial America.	EST P 160-200	SE
<b>Half Cents</b>			
2	1828 13 Stars full AU+ detail but there is a faint obv scratch and the letters "RL" lightly etched into the left obv field.	EST P 75-90	SE
3	1829 Classic Head PCGS AU58	EST P 250-300	SE
4	1835 MS60++ (perhaps better) brown. Evidence of clashed dies but this coin is devoid of the die crack that traverses the rev on later die states. Inspect!	EST P 210-260	SE
5	1851 Braided Hair PCGS AU55. A mysterious grade by PCGS in that the coin has beautiful light brown color and no discernable wear.	EST P 125-150	SE
6	(5) Diff incl a Draped Bust 1805 and the rest Classic Heads 1825 // 1835. Coins are in the F/VF grade range by wear but have nicks and minor corrosion typical of the copper coins of the period. Bonus: (2) additional but lower grade coins.	EST 150-180	SE
7	(3) Diff incl 1809 G, 1828 13-Stars VG, & 1835 F. Expect typical copper coin imperfections.	EST 100-125	SE
<b>Large Cents</b>			
8	1801 S-214 (R3) Fine. Typical "look" of early copper w/ surfaces likely re-colored but even in appearance.	EST P 160-200	SE
9	1805 S-269 VF even brown. A desirable Draped Bust Large Cent excellent for type.	EST P 300-400	SE
10	1809 Classic Head S-280 VG+ detail w/ even color and uniform light corrosion. Still an appealing coin for a better date in the large cent series.	EST P 200-250	SE
11	1812 Classic Head Large Date (S-288) PCGS XF40. A beautiful coin given the scarcity of Classic Head large cents in higher grade. Though not rare by any means, this variety is the scarcest of the (4) for 1812.	EST P 1,500-1,750	SE
12	(10) Diff Middle Dates 1816 // 1829 incl 1816 N2 w/ rotated die, 1817 N9, 1817 "15 Stars" N16, 1818 N7, 1819 N8, 1820 N10, 1822 N13 (scarce - R5), 1825 N6, 1826 N5, & 1829 N5. AG to F most abt VG.	EST 250-300	SE
13	(14) Diff 1816 // 1855 nice mix of Matron and Braided Hair. Earlies generally G/VG, laters somewhat better.	EST 140-180	SE
14	(11) Diff varieties spanning 1831 to 1838 incl 1831, 1832, 1833, 1834 Small 8, 1834 Large 8, 1835 Small 8, 1835 Large 8, 1836, 1837 Plain Cords, 1837 Beaded Cords, & 1838. Grades G to F+ original.	EST 200-250	SE
15	(10) Diff Late Date die varieties incl 1840 N5, 1840 N8, 1841 N6, 1842 N6, 1842 N7, 1843 N4 (Petite Head; Large Letters which is a Red Book variety), 1847 N8, 1848 N6, 1852 N3, & 1855 N12 (Upright 5's). Coins are G to F+ originals most at the high end.	EST 160-200	SE
<b>Indian Cents</b>			
16	1864-L XF+ detail. Full LIBERTY and clear L on the ribbon but the coin is a dark color, and has a few very light corroded areas. Worth inspection - despite the flaws, it's still appealing.	EST 100-125	SE
17	1875 MS63+ Red Brown (nearly full red). A beautiful coin. There are curious vertical die file lines above and below the Indian's ear as well as in front of the forehead. Bowers makes no mention of this in his book on Indian cents but surely they can be researched in a more authoritative reference such as Snow. They do not at all detract from the excellent eye appeal of this coin.	EST WP 750-900	SE
18	1899 MS60+ "red" from an earlier dipping. Still attractive.	EST P 64-80	SE
19	1908-S VF beautiful even brown color but there is a light 5mm rev scratch going thru O of "ONE". Inspect.	EST P 85-100	SE
20	1908-S F+ lovely even medium brown.	EST P 85-105	SE
21	1909-S G+ perhaps better. Wood-grained effect but confined to the obv. There is also a 2mm obv mark on the headdress above the ear. Still an ok coin for this scarce issue.	EST P 185-230	SE
22	(52) Diff 1857 // 1909 (Whit 9402 album) missing most keys & overdates; remaining coins largely G to F (some w/ light corrosion) w/ laters better. Highlights: 1862 near XF, 1866 AU corroded, 1869 // 1871 AG to VG. Inspect for a better look.	EST 400-500	A

LOT	U.S. COINS		VALUE	
23	(56) Diff in a partial set missing only 1877 & 1909-S. Earlies generally AG to VG some w/ corrosion, later a bit better. 1908-S is G+.	EST	160-200	LE
24	(8) Diff 1899 // 1908 all brown unc or very nearly so a few w/ original red showing in recessed areas.	EST	150-180	SE
<b>Lincoln Cents</b>				
25	1909-S VDB abt F detail (rev is stronger) w/ even color and a few marks. The rev periphery was bluntly struck resulting in the "VDB" being rather weak but it is visible (more so w/ magnification.)	EST P	575-700	SE
26	1942 Proof. Arguably full red w/ a fully-mirrored obv but about 60% of the rev is cloudy.	EST P	60-80	SE
27	(27) Diff 1909 // 1955-S incl 1909, 1909 VDB, 1910, 1913, 1916 thru 1920, 1923 thru 1930, plus a few later. All Unc coins, the earlies are brown and red-brown, the later red-brown or red. A nice group of Lincolns. Bonus: 1940, 1954, & 1959 Proofs. (30) coins total.	EST	175-230	LE
28	(87) Diff 1909 // 1940-S (Whit 9405 album) missing 09-S VDB, 09-S, & 22 No D but incl a 14-D (AG w/ stain/corrosion), 24-D VF+, & 31-S AU. Other earlies VG to VF, later better. Enough quality to make inspection worthwhile.	EST	340-400	A
<b>Two Cent Pieces</b>				
29	1864 Large Motto PCGS MS64 Red-Brown. Excellent detail and a great coin for type.	EST P	240-300	SE
30	(8) Diff in a straight run 1864 // 1871 incl an 1869 in AU (unoriginal surfaces), the rest mostly F-VF w/ impairments here and there.	EST	125-150	SE

<b>Seated Dimes</b>				
40	1877 NGC MS61 pure white w/ frosty devices and decidedly proof-like surfaces. A few too many marks for a higher grade but very appealing as is.	EST P	110-135	SE
41	(8) 1857 // 1891 w/ dup a couple lower grade but most around F.	EST	125-150	SE
<b>Mercury Dimes</b>				
42	1916 MS63 (or better) blast white w/ beautiful full split bands. A beautiful example of the first year of issue for the Mercury Dime which entered the channels of commerce on Oct 22nd 1916.	EST P	75-100	SE
43	1921-D full XF detail w/ bands that show significant separation though not fully split. The coin does have a few faint hairlines indicative of slight mishandling long ago, however the appearance is original and pleasing overall. Satisfactory for a scarce date in the series.	EST P	450-550	SE
44	1937-D PCGS MS65 Full Bands. Blast white.	EST P	70-90	SE

123	1903-S AU58 Cleaned. A near mint-state coin (we are arbitrarily assigning it a grade of AU58) for this very scarce issue in high grade. Unfortunately, there was an attempt to wipe away some natural toning which left the coin hairlined on both sides. What a shame! The coin may very well have been mint state before this careless action. Most 1903-S dollars were released shortly after they were minted and circulated extensively. 187	Columbian 1892 (Proof PR60??). In the original leather pouch with embossed gold leaf lettering commemorating the 1892-93 Columbian Exposition in Chicago. A few proof Columbian Halves of both 1892 and 1893 were struck for the exposition as special keepsakes and it is believed by some that the proofs were distributed in these handsome leather pouches. The present coin contained in the pouch shows excellent detail and lightly mirrored surfaces suggesting that it might be one of the 1892 proofs. There is deep toning on the coin which likely indicates that it has been stored in this pouch roughly since the time it was struck. (A cursory internet search yielded little in the way of useful additional information on proof vs. non-proof status.) The coin may turn out to simply be a well-struck business strike; however, this could be a minor point given that the pouch itself is very rare and this item alone may be worth a generous bid!
