EXPANDED DESCRIPTIONS

If you desire more information about any lot our staff would be happy to provide additional details & scans—as much as practical; just call (or write) at least 10 days or more before the sale.

NOTES

(1) Minor separations in multiples and sheets are to be expected in older issues; a few open parts do not adversely affect value and do not constitute reason for return.

(2) Gum line and lt. gum creases are normal characteristics of U.S. flat plate issues; these will be described only when unusually pronounced.
