CONDITIONS OF SALE

Bidding

1. The placing of a bid will constitute acceptance of the conditions of sale.
2. All bids are per lot as numbered in the catalog. The right is reserved to withdraw any lot or lots and to group two or more lots.
3. Lots are sold to the highest bidder at one advance over the second highest bid. The auctioneer shall regulate the bidding and in the event of any dispute the auctioneer's decision shall be final.
4. The auctioneer shall not be liable for errors and omissions in executing instructions to bid.
5. Unlimited bids and bids believed not to be made in good faith will be respectfully declined.
6. Minimum bid on any lot is \$50.00.
7. All lots will be sold at the price for which they are knocked down by the auctioneer, plus a commission of 15%.

Payment of Purchases

8. Successful bidders will be notified of lots purchased and must remit before lots are delivered. Persons who are known to us may, at our option, have purchases forwarded for immediate payment.
9. Terms are immediate payment in U.S. funds on receipt of the invoice. Payment by credit card will be subject to a 2% service charge.
10. The mode of shipment shall be at our option unless we are given specific instructions. A minimum charge of \$1.50 will be made in addition to postage, insurance, and handling.
11. Successful bidders agree to pay for lots as specified above and no credit is extended. For overdue accounts a late charge of 5% per month (minimum \$30.00) will be charged. Accounts are considered overdue after (30) days.

Quality

12. Any lot, the description of which is incorrect, is returnable within ten (10) days of receipt and must be received within four weeks from the date of the auction. All disputed lots must be returned intact in the condition received. The following lots may not be returned without prior approval: lots from buyers who have had the opportunity to examine them before the sale; lots described as having defects or faults may not be returned because of faults; and, lots in which the buyer has bid more than double our estimate. No illustrated lot may be returned because of centering, margins, or other factors shown in the illustrations.

Authenticity

13. All lots are sold as genuine, but should any lot be proved otherwise by written opinion of any responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided we are notified in writing within 14 days from date of sale that an opinion is being sought. If claim is not made within this period, no lots are returnable for any reason at any time. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$100.00. In the event an item is proved "not as described" it is returnable for a full refund. Any lot which has a certificate dated within the last five years is sold in accordance with the certificate and is not returnable for any reason including an opinion obtained in a new certificate after the sale. While we occasionally suggest what grade a coin may receive if certified, we do guarantee that grade (or any other grade) if a coin is submitted for certification.

EST	100-150	L
Half Dimes				
26	1795 Flowing Hair perhaps VG by wear but a small bend in the coin has caused the wear to be a bit uneven. The right edge of the coin appears to have been filed. Flaws of this kind are typical of small coins of the period. The present example is still original and attractive and represents an affordable example of this scarce early type.	EST P	350-600	SE
27	1803 Large 8 Draped Bust AG. Imperfections consistent w/ very small coins of the period, this coin has details clear enough for identification, and an eye-catching bold date. Inspect!	EST P	450-700	SE
Bust Dimes				
28	1807 Draped Bust G by wear w/ damage in the form of scratches and edge filing but still ok for type. Draped Bust dimes rarely come w/o some type of significant imperfection.	EST P	170-250	SE
29	1809 AG. A few minor flaws but extensive wear is the only real issue. A scarce early dime w/ a mintage of just 44,700.	EST P	330-400	SE
30	1835 VF perhaps better mottled grey toning.	EST P	75-100	SE
31	(10) Diff Capped Bust Dimes 1811 // 1834 most AG/G+. A couple w/ impairments but a nice assortment overall incl 1811 over 09 (AG holed), plus 1823 over 22 AG. Small coins of this period usually have problems so the coins are still worth inspection.	EST	210-270	SE

33	(44) Diff mostly common dates 1853-O Arrows // 1891-S in an LOC Vol 42 album Early Dimes Part 2. Coins largely AG to VG+ by wear but sev w/ nicks and other impairments. Inspection recommended.	EST	360-480	A

37	(75) Diff 1916 // 1945-S in a Whit 9118 album circ grades missing only 16-D, 21-D & overdates. Thanks to a defect in the manufacture of the album, there are (2) 1925-S. (76) total coins.	EST	185-230	A
38	Accum (320) Mercury dimes in (7) old Whitman folders (9014); taken from circulation by various collectors. (23.14 oz ASW)	EST	525-700	B
Roosevelt Dimes				
39	(65) 1946 // 1964-D circ and unc in 2x2s in a binder (dealer stockbook). Many nice among them incl some proofs. Also incl are (8) clad issues making (73) total coins in the lot.	EST	120-145	B
40	(48) in a complete set 1946 // 1964-D all beautiful original BU coins in 2x2s in binder pages. We occasionally hear about the "full torch" and "full bands" coins, but generally, the Roosevelt Dime series doesn't get much respect these days. Except for the proofs, the greysheet doesn't even list prices for them!	EST	210-250	LE

LOT	U.S. COINS		VALUE	
Bust Quarters				
41	1805 Draped Bust Browning-2 VG+ detail. Perfectly original and a decent grade but w/ a plugged hole obliterating the "18" of the date.	EST P	120-160	SE
Seated Quarters				
42	1859-S near F detail but the coin has a plugged hole (2mm) right above Liberty's head. This is a super-scarce date however, so inspection may be warranted. The San Francisco quarters saw extensive use for decades after being minted making higher-grade survivors rare. In the 5th edition of Mega Red, expert Larry Briggs posits that many 1859-S quarters possess an "etching" on their surface (this coin has that etching), suggesting that they were "unearthed." No further details are provided.	EST P	125-160	SE
Barber Quarters				
43	1896-S AG original. A full G obv w/ rev weaker but clear. Mintmark is faint but evident.	EST P	240-300	SE
44	1901-S AG original. Wear obliterates most of the legend on the rev but the central details are clear. There was little interest in the issue at the time it was struck resulting in very low survival rates. Coupled with the fact that all Barber coins saw very heavy use, those 1901-S quarters that do remain are usually in very low grades. Even a G+ is a mid four-figure coin. It will be a long time before another is offered.	EST P	1,600-2,000	SE
45	1913-S AG original. Wear consistent w/ the grade but no other issues of any kind. At 40,000, the 1913-S quarter has the lowest mintage of any 20th Century coin issued for circulation.	EST P	480-650	SE
46	(71) Diff in a nearly-complete set 1892 // 1916-D missing only the keys 1896-S, 1901-S, & 1913-S. Housed in a Whit 9416 album, most grade AG to G+ and have their natural color. Among the semi-keys, 1896-O, 1897-S, 1901-O, 1905-O, 1908-S, 1909-O, & 1914-S are all AG originals. The set is well worth inspection.	EST	600-800	A
47	(28) Diff 1892-O // 1916-D loose AG to F but most are full-rim G originals.	EST	155-190	HWC-Roll
Standing Liberty Quarters				
48	(35) Diff in a near-complete set 1917 // 1930-S missing only 1916 & 1923-S. In a Whit 9417 album. As is typical of the series, the earlies show considerable detail but most have weak dates. The later ones are typical G to F originals. Compared to other denominations of the same time period, Liberty Standing Quarter sets are rarely offered.	EST	410-480	A
Washington Quarters				
49	1932-D NGC G4. Not that it makes much difference, but the coin deserves VG8.	EST P	45-55	BAG
50	1932-S AU Detail. The coin has been lightly cleaned and there are a couple of surface disturbances on the rev. Still attractive and would fit nice in high-grade set.	EST P	80-100	BAG
51	(81) in a virtually complete set 1932 // 1964-D missing only the scarce 1932 D & S. Circ grades w/ a few Unc mixed in. In a Whit 9122 album that incl (38) clads sporadic from 1965 // 1988-D.	EST	330-400	A
52	(85) Diff 1932 // 1967 in a virtually complete set missing only 1932-S. In (5) Dansco folder pages, most earlies VG to perhaps XF (32-D is F - dark), later ones largely VF or better. A decent set!	EST	380-500	A
State Quarters				
53	Accum of State Quarter sets; (3) metal lock boxes as sold by mass retailer, each w/ (50) coins individually encapsulated (likely complete state collection of P coins), appear all UNC; additional Littleton green folder w/ all (56) states & territories (mixed mint marks) most appear UNC; finally a dime store holder for the 50 states, taken from circ, likely all P coins; total FV \$64.	EST	60-80	B
54	Unc sets re-packed by Cable Shopping Network, incl regular Unc coins for P and D, plus gold plated and platinum plated sets; years incl 1999-2005, two sets of the (4) styles (56 items total)	EST	150-200	B

25c Groups / Collections			
55	Hoard of Washington Quarters, regulars, states and state parks; incl (270) UNC states & parks in plastic rounds; Littleton green album 1968-98, not complete but w/ several proofs as well as many UNCS, more proofs in plastic retail holders; (4) Whitman state quarter folders only partially full; PCS folder for Statehood Quarters on large souvenir cards, over half the states present; a few colorized here and there	EST 140-180	L
Bust Halves			
56	1808 O-103 VG+ nice original but there are old scratches on the coin however they blend nicely w/ it's natural color. In Overton's classic book on Bust Halves, author Donald Parsley notes that, "Most available specimens of 1808 are weakly struck [such that] with little wear they appear to be well worn."	EST P 75-90	SE
57	1810 O-105 VF+ perhaps better. Beautiful original but light rev scratches around the eagle's head. Still very appealing.	EST P 160-220	SE
58	1812 O-105a XF detail and original but w/ the beginnings of a drill hole on the eagle's neck.	EST P 150-180	SE
59	1813 O-104 (R4) VG+ w/ great color but w/ a 1.5mm hole above Liberty's head. O-104 is a scarce variety.	EST P 80-100	SE
60	1819 O-108 F. A beautiful original but there is a very light 7mm scratch near Liberty's shoulder.	EST P 75-90	SE
61	1824 O-115 F+	EST P 55-70	SE
62	1825 O-114 VF detail but holed (2.5mm) just left of the date. Though damaged, the coin remains of interest due to a strong double profile on Liberty.	EST P 60-80	SE
63	1827 O-131 Fine. Natural light grey color.	EST P 60-75	SE
64	1829 O-111a XF or very nearly so.	EST P 140-175	SE
65	1831 O-102 XF+ lovely grey original.	EST P 160-220	SE
66	1835 O-107 XF+ brightened at one time still very desirable.	EST P 150-200	SE
67	1836 O-106 VF+ or better beautiful natural grey color.	EST P 80-100	SE
68	1839-O Reeded Edge Fr-2 perhaps a bit better. Extensive wear is the only issue as there are no other defects or signs of abuse on this coin. From a mintage of only 116,000 the 1839-O is quite scarce and is popularly collected today.	EST P 250-330	SE
Seated Halves			
69	1855-S Arrows G detail w/ a solder blob in the center of the obv indicating that the coin may have been previously mounted. A low-mintage issue (129,950) w/ a greysheet bid of \$400 in G4 attesting to its scarcity.	EST P 120-145	SE
70	1864-S VG. A beautiful original.	EST P 90-115	SE
71	1866-S No Motto darker grey VG+ but there is some graffiti on the rev above the eagle's head. Still a nice coin overall especially for this scarce variety.	EST P 300-450	SE
72	1872-CC Fr- 2. Extensive wear but easily discernable.	EST P 115-150	SE
73	1878-CC G details - cleaned. Rims are bit weak in places but there is enough detail for the grade. A very scarce Seated Half w/ a mintage of only 62,000. An opportunity for the specialist in this series as it may be quite some time before another comes along.	EST P 750-900	SE
