## CONDITIONS OF SALE

### Bidding

1. The placing of a bid will constitute acceptance of the conditions of sale.
2. All bids are per lot as numbered in the catalog. The right is reserved to withdraw any lot or lots and to group two or more lots.
3. Lots are sold to the highest bidder at one advance over the second highest bid. The auctioneer shall regulate the bidding and in the event of any dispute the auctioneer's decision shall be final.
4. The auctioneer shall not be liable for errors and omissions in executing instructions to bid.
5. Unlimited bids and bids believed not to be made in good faith will be respectfully declined.
6. Minimum bid on any lot is \$50.00.
7. All lots will be sold at the price for which they are knocked down by the auctioneer, plus a commission of 15%.

### Payment of Purchases

8. Successful bidders will be notified of lots purchased and must remit before lots are delivered. Persons who are known to us may, at our option, have purchases forwarded for immediate payment.
9. Terms are immediate payment in U.S. funds on receipt of the invoice. Payment by credit card will be subject to a 2% service charge.
10. The mode of shipment shall be at our option unless we are given specific instructions. A minimum charge of \$1.50 will be made in addition to postage, insurance, and handling.
11. Successful bidders agree to pay for lots as specified above and no credit is extended. For overdue accounts a late charge of 5% per month (minimum \$30.00) will be charged. Accounts are considered overdue after (30) days.

### Quality

12. Any lot, the description of which is incorrect, is returnable within ten (10) days of receipt and must be received within four weeks from the date of the auction. All disputed lots must be returned intact in the condition received. The following lots may not be returned without prior approval: lots from buyers who have had the opportunity to examine them before the sale; lots described as having defects or faults may not be returned because of faults; and, lots in which the buyer has bid more than double our estimate. No illustrated lot may be returned because of centering, margins, or other factors shown in the illustrations.

### Authenticity

13. All lots are sold as genuine, but should any lot be proved otherwise by written opinion of any responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided we are notified in writing within 14 days from date of sale that an opinion is being sought. If claim is not made within this period, no lots are returnable for any reason at any time. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$100.00. In the event an item is proved "not as described" it is returnable for a full refund. Any lot which has a certificate dated within the last five years is sold in accordance with the certificate and is not returnable for any reason including an opinion obtained in a new certificate after the sale. While we occasionally suggest what grade a coin may receive if certified, we do guarantee that grade (or any other grade) if a coin is submitted for certification.

LOT	U.S. COINS		VALUE	
<b>Half Cents</b>				
1	1806 Draped Bust Small 6; No Stems F+, even chocolate brown.	EST P	90-120	SE
2	1825 Classic Head C2 variety VF	EST P	75-100	SE
3	1826 Classic Head near XF w/ mostly original color. Displays full 180-degree die rotation.	EST P	100-125	SE
4	1828 Classic Head 13 Stars MS60 faint traces of red still remain.	EST P	160-200	SE
5	1850 Braided Hair AU cleaned and recolored, still nice for a scarce issue.	EST P	280-400	SE
<b>Large Cents</b>				
6	1794 Liberty Cap Head of 94 S-46 near VF detail but as is frequently the case, there are a few planchet defects that lower the coin's net grade (to perhaps VG?). Though loaded w/ detail, the obv shows pitting in the center, the rev has a 10mm lamination mark from the rim by the "D" in UNITED moving thru the wreath and extending to the "O" in ONE. Despite the damage, this is still a desirable coin and a nice example of early copper.	EST P	400-550	SE
7	1795 Liberty Cap Lettered Edge S-75 Good. On this variety, the 5 of the date overlaps the bust of Liberty and becomes difficult to see clearly on worn specimens. However, there are enough diagnostics remaining to determine that it is indeed an S-75.	EST P	260-330	SE
8	1795 Liberty Cap S-78 AG	EST P	100-125	SE
9	1797 Draped Bust Rev of '97 Stemless Wreath S-131 G+. This variety is easily distinguished by the 5mm heavy obv die break behind the hair ribbon.	EST P	230-280	SE
10	1797 Draped Bust S-137 Good. This coin shows a very late die state w/ ERICA obliterated by a large rev cud. The rev is about 5% off-center as well. Date and legends all very clear despite the low grade.	EST P	125-150	SE
11	1798 Draped Bust 2nd Hair Style S-161 G+ Detail net AG3. Clearly discernable despite the low grade, the large rev cud above ATES of STATES identifies this coin as a late die state S-161.	EST	75-100	SE
12	1802 Draped Bust S-235 VG+ nice detail for the grade and a good coin for type. Better variety as well.	EST P	100-125	SE
13	1810 over 09 Classic Head S-281 F or slightly better by wear, w/ a few light verdigris spots on the rev.	EST P	280-360	SE
14	1812 Classic Head S-289 near F detail on dark brown surfaces typical of copper coins of the period.	EST P	220-300	SE
15	1814 Classic Head Plain 4 S-295 VF (or better) detail, but uniformly corroded. Undoubtedly an excavated coin, with a bit of work it could be made presentable.	EST	200-250	SE
16	(3) Diff Draped Bust incl 1801 S-224 G w/ rev cud over AME clear; 1803 Small Date; Large Fraction S-259 AG, wear is a bit uneven, & 1807 S-276 Good. Well-worn coins but no corrosion or other defects so common to early copper.	EST	200-260	SE
17	(4) Diff Classic Heads incl 1808 S-278, 1811 S-287, 1813 S-292, & 1814 Plain 4 S-295 "Bearded". Coins are G/VG by wear and can be clearly identified but on most of them corrosion has taken its toll.	EST	135-180	SE
18	(4) Diff Classic Heads incl 1808 S-279, 1810 S-283, 1813 S-293, & 1814 Plain 4 S-295. Low grades but corrosion is minimal and the coins are easily discernable.	EST	250-300	SE
19	(25) 1818 // 1851 w/ dup most AG to F (a couple better), typical minor impairments.	EST	160-200	LE
<b>Indian Cents</b>				
20	1864-L fully AU by wear but there is an area of discoloration on the top third of the obv. Still very acceptable. View the pic!	EST P	160-200	SE
21	1877 probably VG detail but heavily damaged. The date shows clearly however, so it would make an excellent filler.	EST P	125-175	SE
22	1908-S perhaps VG+ by wear but lightly cleaned. Still ok.	EST	60-75	SE
23	(50) Diff 1857 // 1909 in a Whit 9003 folder most earlies are low-grade or corroded but there are enough solid G/G+ coins to make the lot desirable (incl an 1864-L in G+). Sev laters show full LIBERTY.	EST	150-180	SE
24	(53) Diff 1857 // 1909 in a Whit 9402 album coins gen low-grade among the earlies w/ better laters to a couple VF. Incl 64-L, 66 thru 69, 72, & 78. 1908-S is barely discernable but there.	EST	170-220	A

LOT	U.S. COINS		VALUE	
<b>Lincoln Cents</b>				
25	1936 Double Die Obverse ANACS VF30	EST P	75-100	BAG
26	(88) Diff in a nearly-complete set 1909 // 1940-S housed in a Whit 9405 album. Earlies largely VG to VF, later better, and virtually all are original brown. Missing only the 1909-S VDB and 1909-S, the other keys incl are: 1914-D AG, 1922-D Weak D NGC VG8, 1924-D VG+, & 1931-S VF. An attractive set far better than typically encountered.	EST	430-550	A
27	(Abt 5,000) Wheat Cents in a US Mint bag avg circ. Unsearched by us, but most appear to be 1940 // 1958 but there may be some pre-1930 as well as a few memorials here and there. (The bag weighs 34 lbs which is equal to 5,000 copper cents.)	EST	190-230	B
28	(Abt 5,000) Wheat Cents in a US Mint bag avg circ. Unsearched by us, but most appear to be 1940 // 1958 but there may be some pre-1930 as well as a few memorials here and there. (The bag weighs 34 lbs which is equal to 5,000 copper cents.)	EST	190-230	B
29	Approx (5,000) Wheat Cents 1909 // 1958 in individual 2x2s in boxes. Cursory check did not reveal anything of significant value, but the coins are not sorted by date so contents are largely unknown.	EST	135-190	L
30	Approx (5,000) Wheat Cents 1909 // 1958 in individual 2x2s in boxes. Cursory check did not reveal anything of significant value, but the coins are not sorted by date so contents are largely unknown.	EST	135-190	L
31	Hoard of Pennies, vast majority are Lincoln Wheat cents, all in 2x2s filling (35) trays, some w/ lids some w/o; most are labeled by year and mint mark, but unfortunately they are not in year order; spot checked and noted coins from 1920s to 1970s (may be 1910s?), some BU but most are circulated F to XF - lots of copper!	EST	140-180	L
<b>Three Cent Pieces</b>				
32	1851 (Silver) AU cleaned, still nice.	EST P	100-125	SE
33	1889 (Nickel) XF+ perfect medium-grey original.	EST P	160-200	SE
<b>Liberty Nickels</b>				
34	(32) Diff in a virtually complete set 1883 No Cents // 1912-D housed in a Whit 9407 album. Low-grade coins dominate as is typical with most Liberty Nickel sets. There are few better among the later. (Note: The coin in the 1912-S hole is a 1912-D) Bonus: another partial Lib 5¢ set w/ (23) add'l coins in an LOC Vol 5 album. (56 total coins)	EST	190-240	A
<b>Buffalo Nickels</b>				
35	1913-D Type 2 nice original F/F+ w/ a few faint scratches. Bonus: a second 1913-D T2 in an even higher technical grade, uniformly corroded but acceptable.	EST P	105-140	SE
36	A 1913 extravaganza! This lot incl (4) 1913 Type 1, (8) 1913-D Type 1, and (6) 1913 Type 2 coins. A couple of blemishes here and there but most are full-horn VF or better. Great lot for Ebay re-sellers!	EST	160-200	LE
<b>Jefferson Nickels</b>				
37	(18) Trays packed w/ Jefferson nickels in 2x2s, most labeled by year & mint mark; not sorted by year, spot checked and noted circulated as well as BU and proof, few past 1980	EST	100-140	L
<b>Half Dimes</b>				
38	1857 Seated ANACS AU50 w/ great color and excellent detail for a Seated Half Dime which often come w/ a flat head and stars.	EST P	90-115	BAG
<b>Bust Dimes</b>				
39	1805 4 Berries perhaps G+/VG by wear but there is light damage and a 2mm hole behind Liberty's head at stars 5 & 6. The date and bust are fairly strong. (Problem coins are the norm for most early dimes.)	EST P	270-350	SE
40	1820 Large 0 JR-5 (R4) original VG w/ a few marks. A "very scarce" variety per "Early United States Dimes 1796 - 1837" by Davis, Logan, Lovejoy, McCloskey, & Subjack (1984). Bowers opines that there are only 100 to 150 of this variety in all circulated grades.	EST P	85-110	SE
41	1827 JR-12 Fine. Beautiful medium grey.	EST P	100-125	SE
42	1831 JR-3 VF or better. Lovely light grey original.	EST P	100-125	SE
<b>Seated Dimes</b>				
43	1841-O VF+ with good facial detail which is often weak on the 1841-O as it is on many Seated Dimes. Some authorities question the reported mintage of this issue (2,007,500) as specimens are far scarcer than this number would suggest.	EST P	75-100	SE

LOT	U.S. COINS		VALUE	
44	1861-S F+ detail. A 3mm blemish in the center of the obv has been repaired but the coin has nice natural color and is still attractive. This issue is noted as "fairly scarce in any grade" in "The Complete Guide to Liberty Seated Dimes" by Brian Greer (DLRC Press 1992.)	EST P	135-170	SE
45	1870-S AG. Minted to the extent of only 50,000 pieces most of which ended up in the orient via international trade. Greer notes that this issue is very scarce in any grade, is always weak at "ONE DIME", and is almost always found w/ problems. The only problem with the present coin is honest wear which, though extensive, is not accompanied by any other damage.	EST	120-145	SE
46	1871-CC G details but w/ a 2.5mm hole @ K11 o/w nice original grey. All Carson City dimes from 1871 to 1874 are classic rarities. Bowers notes that they are highly prized in any state of preservation. In Greer's "Complete Guide to Liberty Seated Dimes", it is noted that "the 1871-CC dime is a great rarity and one of the keys to the series." Clearly the scarcity of this issue is not exaggerated as the Greysheet bid price (Oct 2023) for one in just Good-4 condition is \$3,000!	EST P	1,100-1,400	SE
<b>Barber Dimes</b>				
47	(28) Diff 1892 // 1916-S most G to VF w/ a couple better. The scarcer dates incl are: 92-O, 93-S, 96-O, 98-O, & 02-S. Sev nice F to VF+ coins.	EST	140-185	LE
48	(62) Diff 1892 // 1916-S in a Whit 9013 folder earlies most AG/G, later better to gen VG+ w/ a couple better. Incl 1894, 1894-O, 1896-O, 1904-S all AG, plus a 1913-S G. Inspect!	EST	220-270	SE
<b>Mercury Dimes</b>				
49	(74) Diff in a nearly-complete set 1916 // 1945-S (Whit 9014 folder) missing only the 1916-D, 1921, & 1921-D. Earlies gen G to F, later F to XF.	EST	150-200	SE

<b>Roosevelt Dimes</b>				
51	BU Rolls (1) 1963 and (1) 1964 all blast white except for the end coins on the 1964 roll. Both original, the 1963 roll is from the Farmer's Bank 1/20/1964.	EST	150-180	BAG
52	(48) Diff 1946 // 1964-D in a Whit 9029 folder mostly circ.	EST	75-90	SE
53	(48) in a complete set 1946 // 1964-D mostly unc but a few circ coins in 2x2s in binder pages.	EST	200-240	LE
54	(84) Diff in a complete set 1946 // 1978-S Proof all white BU coins in a Harco Coinmaster album. Quite a few gems in the mix.	EST	140-170	A
<b>Twenty Cent Pieces</b>				
55	1875-S VF+ perhaps better, lovely even medium grey original.	EST P	160-190	SE
<b>Bust Quarters</b>				
56	1806 Draped Bust Fair-2+ extensive wear but no other problems worth mention. The date is clear and Liberty is well-outlined but flat. A bit less detail on the rev.	EST P	125-150	SE
<b>Seated Quarters</b>				
57	1842-O VF+ lovely original color.	EST P	125-150	SE
